Certificate in Coaching Mastery for Caring Professionals

What is Coaching ? Coaching as a discipline is –

1. **Communication** — a conversation like none other that focuses exclusive on an individual's best dreams and hopes for a more compelling future.
2. **Unconscious back-of-the-mind communication** that elicits the mental and emotional frames which governs the one's experience that gets to the heart of things.
3. **Generative change** — that takes an individual to his/her next level of development and transformation.
4. **The implementation of the change** — so that the solution or new performance can be actualized and the progress that makes can then be measured.
5. **Systemic thinking and working** — so that the conversation and change is holistic and healthy for every aspect of life.
6. **The self-actualizing of one's highest and best potentials** — so that moves to next level of development and success and unleashes potentials.
7. **The facilitation of all of these dynamic processes** — a conversation that enables an individual to find, access, and mobilize his/her best resources for making the change real.
